REV. T. H. TILTON, D. D.

The above cut represent a gentleman who has shown business qualities in many acts in the past years in St. Louis and other places. He is a man of means, and by that way he has gained the good will of the business men of St. Louis. A few days ago he purchased the printing plant that was known as the Great Western Printing

Co., which is located in the True Reformers' hall, second floor. This is a first-class job printing office. He is now employing six persons in his office. He is prepared to do any kind of printing, and that first-class. Remember the number—True Reformers' hall, 2600 Pine street, second floor.

Miss Alice Roosevelt's pretty little lantern watch, which was presented to her by the French commissioner general on the occasion of her recent visit to the World's fair, will not be classed as a durable.

Some of the St. Louis children who visited the World's fair for the first time to welcome Liberty bell were lost in wonderment at what they saw; others were lost in reality and had not been found up to closing time Wednesday night.

DEATH RELIEVES HER PAIN.

A remarkable woman, Mrs. Carline Lang, has passed away. She was one of St. Louis' oldest citizens. Thus on by one we pass beyond that journey from whence none returns. She was near the hundred mark. She was buried last Sunday from the First Baptist church.

BRIGHTON ITEMS.

These Africans were promised \$1 per day and received "n't." The poem is true.

To serve the present age, Our pockets we must fill; We'll make them work for wages, And never pay the bill."

Be friend yourself, and you will find yourself surrounded by numerous friends.

The Negro doesn't know the power that there is in his race.

Any Negro who will betray his own race for a few pennies, ought to be in the jungles of Africa, or some other place, with a log chain around his neck, and whipped three times a day.

The minister who preaches to his congregation that they ought to make up collections for foreign missions, and refuse to help his brethren recently from Africa in distress, is only a hireling, and careth not for others. "So we preach, and so ye believed"—1st Cor. 13:11.

Dear Editor—Allow me to correct the errors published by some of our city papers respecting the street fight, and a good many other things said and done in the vicinity of Rutger street and Spring avenue. There were only two Boer soldiers instead of fifteen, and no fight at all as stated, occurred between said parties. As to the Kaffers hitting, they walked around just as anyone else, without fear. They are not wild, as has been stated. One of them can speak several languages, and can read and write. As to there being a mob of Negroes, is a misrepresentation.

Prof. DuBois Coming.

Dr. W. E. B. Dubois, professor of sociology at Atlanta university, will deliver an address on the Negro Problem at True Reformers' hall, Wednesday evening, June 23, under the auspices of the Lyceum Sketch club. Prof. Du Bois is considered the most scholarly Negro in the United States. He is a graduate of Harvard university and the University of Berlin. His recent work, "The Souls of Black Folk," places him in the front rank of American writers. He has made a life study of the Negro question, and his addresses on this subject are considered masterpieces of eloquence and logic.

He will have his book of original poems for sale each night for \$1 each. Don't fail to hear his great poems and lectures. It is a rare literary treat. Every Negro should have one of these marvelous books in his home.

OUR OLD FRIEND AND BROTHER.

Capt. Hannibal C. Carter, 3436 Dearborn street, Chicago, passed away Tuesday morning, May 31. His funeral services were held Friday morning at St. Monica. Capt. Carter achieved national prominence during the reconstruction period in the south. He was a member of the legislature of Mississippi, and later on secretary of state. He came to Chicago in 1880, as a Gen. Grant delegate to the republican national convention, and remained true to him until he went down on the three hundred and sixth ballot, and from that time to his death he resided in this city. With all his faults Capt. Hannibal C. Carter was a lover of his race. May his weary soul rest in peace.—Broadax.

We are amazed at the comment of the Broadax. Yet the editor of the Broadax can sympathize—unlike the Sentinel Conservator, who tried to belittle The Palladium, because we threw the mantle of charity over the late Jim Ray. Young W. H. Huston has been silent since we turned The Palladium on him.

First Baptist Church of Bridgeton, Mo., has services as follows: Preaching 11 A. M.; Sabbath school 2 P. M. Preaching 7:30 P. M. Rev. W. W. Perry, Pastor.

A Standing Evil.

One standing evil we observe is the posting of society or lodge bills in the windows of private homes. Any old club that gives a ball or picnic has its bills posted on the fence or in the windows of our people's homes. It looks bad; is in fact, poor taste. If they wish to advertise, let them put their ads. in daily or weekly papers.

The above cut was made from a photograph of the premises, 4606 Labadie avenue, lately purchased by Mr. Frank L. McElroy, one of our most enterprising and thrifty young citizens.

The house is built on the Queen Anne style, with a slate roof, and has seven rooms, a large reception hall, gas bath and all other modern conveniences, and will compare favorably with any of the modern homes owned by our people in this city.

The lot on which the house is built is 30-foot front by 148 feet deep, and is in one of the most desirable residence districts north of Delmar and west of Grand avenues.

The purchase was made through Jos. F. Smith, attorney and real estate agent, at a cost of \$3,500, and the photograph from which the above cut was made was taken by Sexton & Maxwell, photographers.
